Who Rules America?

The Corporate Rich, White Nationalist Republicans, and Inclusionary Democrats in the 2020s

G. William Domhoff

At this time when voting rights are endangered, this significantly updated edition shows precisely how the top 1% of the population who own 43% of all financial wealth dominate governmental decision-making. Domhoff details how the corporate rich and the power elite dominate US policy, despite constant challenges from inclusionary alliances and from Democrats. The book is updated to explain dark attempts to influence public opinion, the machinations of the climate-denial network, and how minority rule and an ultraconservative Supreme Court can now undermine other policies. Despite this concentrated power, it will be the other 99%, not the top 1%, who will decide the fate of the United States.
